## HIS AWFUL THREAT.

That Hint About Another Story Brought the Welcome Quarter.

"Gentlemen," said a smooth looking man to the crowd in the cigar store, "I saw a funny thing today."

"What was it?" asked three of the crowd at the same time.

The smooth looking man leaned against a showcase and began: "I was going down the street this afternoon, and as I was passing the postoffice I heard quite a racket inside. I went in. There was one of the big Irish women who scrub out dancing around in the middle of the lobby with a pair of boxing gloves on her hands. She was hitting out in all directions and had already felled a couple of men. An alarm was sent in, and pretty soon a police man came running down and arrested her. Just as he was about to haul her out to the patrol box that stands on the corner near by a dignified looking man stepped out of the crowd and said, 'Let that woman go.' 'Why should I let her go?' asked the policeman. 'Because the United States government says that she can do what she has been doing.' 'I don't catch on,' replied the policeman. 'Then read that,' shouted the dignified looking man, pointing to the sign on the wall. The policeman turned and read a sign, 'Letter Box.'"

The smooth looking man stopped here and looked around expectantly. No one laughed.

After a depressing silence for a couple of minutes one of the party said, "Well, what's the joke?"

"Why," said the smooth looking man, "Letter box—let her box, see? Left—her—box, meaning the woman who had on the boxing gloves."

There was a succession of dismal groans, and every one gave the clerk walked out into the night. After all had gone the smooth looking man turned to the clerk and said hurriedly: "Say, boss, I didn't mean nothing by that. I only wanted to get a chance to talk with you in private."

"What do you want?" asked the clerk.

The smooth looking man approached him and said hoarsely, "I only want a quarter."

"Well, you don't get it."

The smooth looking man's face took on a hard expression. "Then I will tell you another story," he said firmly.

"Not on your life, you won't!" shouted the clerk, producing the desired coin.

And that is the way one man got his brinks.—Reno Express.

WEAKNESS, NERVOUSNESS, DEBILITY.

NEVADA STATE JOURNAL.

THURSDAY, AUGUST 8, 1894.

SHIPPING SHEEP AND WOOL TO ENGLAND.

J. B. Long, an extensive wool-grower of Illinois, has shipped 16,000 head of sheep to England and sold them at a profitable advance over the market price in this country. He is now buying Western sheep, which he will feed in Illinois and Minnesota before shipping across the Atlantic. He intends to engage in the business on an extensive scale next season.

Joel J. Hart of Wyoming has shipped several carloads of wool to England, and the returns are awaited with interest by Wyoming wool-growers.

At present, notwithstanding wool is admitted free of duty in England, it commands a better price there than in the United States, where it sells to-day at less than the import duty. This anomalous condition of the wool market seems unaccountable. It is claimed that wool can be, and is, produced at less cost in Australia and the Argentine Republic than in the United States and that those countries have a large surplus for export. This would imply that wool should be cheaper in England and other free trade countries than in the United States, where the import duty on Australian wool, unwashed, is twelve cents per pound, and where the wool product is not sufficient to supply the home demand. It is a fact, nevertheless, that wool is being shipped from Wyoming direct to London, England, and that it brings a better price in that free trade city than in Philadelphia or Boston, where foreign wools are dutiable at eleven or twelve cents per pound, according to quality.

There is a political economist or practical wool-grower in Nevada who desires to explain, in a newspaper article, why wool is selling higher in free trade England than in high tariff United States, the JOURNAL is at his service for that purpose.

ANTI-ANARCHISTS.

The arrest of persons implicated in the far and feathering outrage perpetrated on General Tarnsey of the Colorado State Militia has disclosed the fact that an anti-anarchist organization exists in Colorado. A copy of the oath to which members of the organization subscribe was found on the person of one of those arrested for complicity in the Tarnsey outrage. It obligated members to inflict "just and needed punishment on anarchists and strikers in Cripple Creek and their sympathizers, whether in high or low positions, the Executive of the State not excepted, as shall be deemed to be guilty of crimes against law-abiding citizens."

This organization set an excellent example for law-abiding citizens. They called General Tarnsey out of bed in the night, bound and gagged him, took him out on the plains miles away from a habitation, tarred and feathered him and left him in the sagebrush. It is a model law and order and anti-anarchist organization. Its members constitute themselves judges, juries and executioners and determine in their own way who shall be punished. If this is law and order, what can the disorderly element be in Colorado?

THE ALABAMA ELECTION.

No definite returns from the Alabama election held last Monday have been sent out by the Associated Press. It is said that the election was quiet throughout the State and that there was a falling off of nearly 50,000 from the vote of two years ago. The People's party carried the northern counties by a majority of 15,000 to 18,000, while the Democrats received a larger majority in the central and southern counties. The whites are in the ascendancy in the northern counties and the blacks predominate in the southern counties. In the middle and southern counties the negroes voted solidly for Oates, the Democratic candidate for Governor, who claims the State by a majority ranging from 15,000 to 40,000.

In Mobile the Democratic majority of 3,000 was reduced to 700, and in the mining counties, also, the Democratic loss was heavy. Kolb, the People's party candidate for Governor, carried every county that gave him a majority two years ago.

The Legislature is claimed by the Democrats by a majority of twelve or fifteen on joint ballot. Two years ago the Democrats had a majority of forty-one on joint ballot. The Legislature will elect a United States Senator to succeed John T. Morgan, whose term will expire next March.

AN AGREEMENT AT LAST.

According to dispatches from Washington the tariff conferees have agreed and the sham battle will end in a few days. The basis of the agreement is free iron ore, coal 40 cents per ton, and sugar 40 per cent ad valorem with one-fifth of one cent per pound differential on refined sugar.

The agreement, so far, is informal, but it is expected a formal report will be made to-day. Both factions claim to have achieved a victory. Gorman says forty-three Senators will vote for the amended bill, but unless the weather is too warm at the Capital debate may be resumed for campaign purposes before the final adoption of the report of the Conference Committee.

THE STRIKE AT OMAHA.

The Situation Becoming Serious—Militia Called Out.

OMAHA, August 8.—The striking butchers and packers at South Omaha are beginning to threaten trouble. Acting Governor Majors and Adjutant General Gamme are there watching developments. The Omaha Police Commissioners have notified the Mayor of South Omaha that in case of general violence he can depend on police assistance from this city. The managers of the packing houses say that unless the State gives them protection they will close the packing houses to-morrow morning.

The crisis arrived to-night, and by morning several companies of militia will be sent to South Omaha and the packing house district placed under martial law.

The situation is most serious to-night and 1,500 strikers have been doing about as they pleased. This evening they forced the picket line that for forty-eight hours surrounded the packing houses under the walls of the big buildings, and their number was increased by the addition of several hundred men.

Many employes to-night on their way from their work were assaulted by strikers who were stationed at all points to intercept them. Many men who left the plants last night and went home to sleep were unable to return to work to-day. In some instances their houses were watched by strikers and they were afraid to venture out.

Men who were on their way to work were turned back by the strikers and not allowed to pass the strikers' picket lines. In one instance three police-men were unable to escort one night tankman to his home. A mob of strikers would not permit them to pass and the laborer had to return to the plant and stay there.

The strikers are in an angry frame of mind. The entrance to the packing houses is guarded by the strikers with an armed force of men with clubs, revolvers and stones.

Efforts were made by the strikers to prevent the men from going to work in which the latter were more or less bruised. Mayor Johnson predicts serious trouble, and unless the militia is brought into action at once he says that the regular army will have to be brought into action to prevent bloodshed on a large scale.

THE ORIENTAL WAR.

The Japanese Still Victorious—Great Excitement.

SHANGHAI, August 8.—Official reports from Tien Tsin say the efforts of Great Britain and Russia to bring about a settlement of the troubles between China and Japan have failed. China positively refuses to surrender her suzerainty over Corea.

YOKOHAMA, August 8.—Seikoon has been taken by the Japanese with a trifling loss. The Chinese lost 600 killed. The enemy fled in from the direction of Koshu. The Japanese are in possession of Yashan. An imperial ordinance just issued permits Chinese to reside in Japan on condition that they engage in peaceful pursuits.

The greatest excitement prevails here and at Tokio and at other large towns as a result of the victories of the Japanese troops. Rumors, however, are current that the Japanese naval forces have been defeated in an engagement with a Chinese war ship.

A. P. A. in Session.

WILKESBARRE, Pa., August 8.—The Grand Lodge of the American Protective Association, comprising representatives from all lodges in the United States, assembled in annual convention here to-day. The work is of a secret character.

Earthquakes in Italy.

PALERMO, August 8.—Earthquakes were felt at 6 o'clock this morning at Aci Real and Zaffarano. At the latter place six people were killed and several injured.

Ahead of Time.

RICHMOND, Ind., August 8.—The relay bicycle riders from Washington to Denver passed here at 8:30 o'clock this morning. They were not due here until 10:30 to-night.

A Petition Asking for Olney's Impeachment.

WASHINGTON, Aug 8.—Representative Bryan of Nebraska has a petition bearing 1,000 signatures for an investigation of the course taken by Attorney General Olney during the recent strike, looking to his impeachment.

Sandow, the Strong Man, Weds.

MANCHESTER, England, August 8.—Sandow, the strong man, was married this morning in the Cathedral to Miss Blanche Brooks, daughter of a local photographer.

EXAMINATION OF STRIKERS.

The Prosecution Drawing to a Close.

WOODLAND, August 8.—The prosecution in the train-wrecking cases promises to close this evening, after completing the testimony of two Woodland bank cashiers who are on the stand this afternoon as experts, passing upon the handwriting of telegrams claimed to have been dispatched by defendants.

The evidence offered to-day was of little importance, being by Southern Pacific employes and relating to well-known incidents of the strike.

Counsel for the defense created some excitement by declaring to the Court that railroad detectives had been admitted to the jail during the night and had attempted to draw statements from defendants Worden and Hatch by telling them that other statements implicating them had been made. Justice Fisher finally ordered that no one should be admitted to the jail to see the prisoners.

This afternoon C. W. Birsh, the writing expert, examined the telegrams bearing the signatures of H. A. Knox. Three-fourths of the telegrams were declared by the witness to be in Knox's handwriting. The famous Willows dispatch, witness said, was in the writing of F. W. Maddy, Acting Secretary.

Judge Armstrong, the leader of the prosecution, made his first appearance in Court to-day. He reviewed the history of the strike and argued to establish the conspiracy of Maddy with the crime at the bridge.

S. D. Worden issued a written denial of the confession, saying he knew nothing of the murder and has no confession to make.

United States Marshal Baldwin came to Woodland to-day and informed Knox, Mullin and Compton that they would be re-arrested at the end of the present trial on a charge of obstructing the United States mails.

Appleman, or "Texas," on whom so much suspicion rests, was brought to Woodland to-day by Sheriff Madera of this county.

Suspicious of Great Britain.

PARIS, August 8.—The *Matin* to-day publishes a long article on the relations of the European powers to China, Japan and Corea. The editor is most apprehensive of a covert attempt at overreaching on the part of Great Britain. After advising France to remain neutral as long as possible it says: "However, if any power except China and Japan seek to gain advantage in Corea, France must hold in reserve the right to act so as to take a similar advantage for herself. It may be necessary also to readjust the balance of power in case it should be destroyed by Great Britain occupying Port Hamilton or Russia occupying Port Lazareff."

Malefactors Receiving their Just Deserts.

PATERSON, N. J., August 8.—For placing a bomb under the steps of the residence of William Stanwick, president of the Silk Manufacturers Association, Charles Debbie, a striking silk weaver, was to-day sentenced to five years imprisonment. An additional six months was imposed for sending threatening letters. Another striker named Sidel was sentenced to twelve months on two charges of threatening letters, and Charles S. Clark to one year upon the charge of conspiracy and inciting violence during the recent strike of silk weavers.

A Chapter of Accidents.

NEVADA CITY, August 8.—George W. Jones, a pioneer farmer of this township and a veteran of the Mexican war, fell this afternoon from a load of hay and broke his neck.

A. J. McGuire, a carpenter at Downieville, while smoking a cigar in his shop fell asleep. The cigar dropped on a pile of shavings, setting them on fire. Jones was burned so badly before being rescued by citizens that he may die.

Industrials Going Home.

WASHINGTON, August 8.—Through the efforts of the District Commissioners about eighty commonwealers, composing the Galvin and Thomas divisions of Frye's army, left this city last night over the Chesapeake & Ohio railroad for their homes in Cincinnati and Los Angeles. Galvin and Thomas, it is said, are the only commonwealers who have not deserted their men after bringing them here.

Red Men in Grand Council.

SACRAMENTO, August 8.—The Grand Council of Improved Order of Red Men of California to-day elected the following officers: S. Gaumbinner of San Francisco, Great Prophet; O. F. Seavey of Auburn, Great Sachem; A. Jackson of San Francisco, Great Senior Sagamore; Rev. J. Sims of Grass Valley, Great Junior Sagamore; Charles F. Burgman of San Francisco, Chief of Records.

The Result of an Old Feud.

GUTHRIE, O. T., August 8.—Thomas Hopkins and J. G. Warren, between whom there was an old feud, met at a bridge across Little river. Each man was accompanied by friends and neither side would give way for the other to pass. A conflict with stones and revolvers ensued in which Warren was killed and several injured. Names are not obtainable.

Asiatic Cholera Appears in England.

LONDON, August 8.—Four patients from the steamship *Balmoral*, which arrived at Gravesend yesterday from St. Petersburg, were found to be suffering from Asiatic cholera. The *Balmoral* has upon her arrival here reported that one of her seamen died the day previous of cholera.

THE TARIFF SITUATION.

The Conferees Likely to Reach an Agreement.

WASHINGTON, August 8.—When the Democratic tariff conferees adjourned for lunch at 1 o'clock this afternoon many rumors could be heard. It seems to be generally believed, however, that decisive action will be taken before to-morrow night. Senators Jones and Vest of the Conference Committee and Senators Gorman and Smith are said to have reached an understanding that the time has arrived to end the conference, either in agreement or disagreement.

Late this afternoon, however, Jones stated that he thought the conferees will be able to report an agreement by to-morrow. Chairman Wilson, too, seems to be in a hopeful mood. The Republican Steering Committee is still considering the proposition to make sugar free. It is claimed that such a motion will receive the support of nearly the entire Republican side.

WASHINGTON, August 8.—When the Democratic conferees adjourned late to-day it was understood on all sides that the Democrats would report to a full conference to-morrow.

Races at Red Bluff.

RED BLUFF, August 8.—There was a much better attendance at the races to-day. The races were not very exciting as the favorites had a walk over.

The first race was a 2:22 trot; purse, \$300. Chico won, Hera second, and Melrose third. Time, 2:28, 2:25 1/2, 2:23 1/2.

Second race, 2:35 pace, 3 in 5, mile heats; purse, \$200. Waldo won, Surprise second, Victor S. third. Time, 2:28 1/2, 2:24, 5:28 1/2.

The third race between Miss Ruth, Local Horse and Tyrena Sacramento was the most interesting of the day. It was a 3/4 mile dash for a purse of \$100. Miss Ruth won the race easily without whip or spur.

A Foul Murder.

ST. LOUIS, August 8.—Fred Kane, a farmer living just outside of the east limits of East Carondelet, Illinois, was foully murdered last night by his wife, Annie, and her paramour, George Centre, who worked for the murdered man. Both have been arrested.

La Grippe.

During the prevalence of the grippé the past seasons it was a noticeable fact that those who depended upon Dr. King's New Discovery, not only had a speedy recovery, but escaped all of the troublesome after-effects of the malady. This remedy seems to have a peculiar power in affecting rapid cures of La Grippe, but in all diseases of the Throat, Chest and Lungs, and has cured cases of Asthma and Hay Fever of long standing. Try it and be convinced. It won't disappoint. Free Trial Bottles at S. J. Hodgkinson's drug store.

Wadsworth ..... 2  
Verdi ..... 2  
Huffakers ..... 1  
Glendale ..... 1  
Franktown ..... 1  
Washoe ..... 1  
Peavine, Salt Marsh and Pyramid ..... 1  
22

Resolved, That members of the People's party in each precinct organize and appoint the delegates to which each precinct is entitled, either by election or in mass meeting.

Resolved, That in precincts where, from any cause the voters fail to appoint delegates, the County Central Committee will appoint the delegates to which such precinct is entitled.

Resolved, That the proper officers in the several precincts certify to the County Central Committee the names of the delegates elected, and that upon receipt of such certificate the Central Committee shall provide such delegates with proper credentials.

A FRIEND

Speaks from the Boothbay (Me.) Register, of the beneficial results he has received from a regular use of Ayer's Pills. He says: "I was feeling sick and tired and my stomach seemed all out of order. I tried a number of remedies, but none seemed to give me relief until I was induced to try the old reliable Ayer's Pills. I have taken only one box, but I feel like a new man. I think they are the most pleasant and easy to take of anything I ever used, being so finely sugar-coated that even a child will take them. I urge upon all who are in need of a laxative to try Ayer's Pills. They will do good."

Rev. Mr. Bellam of Wadsworth is in Reno.

Travel was very light on the trains last night.

Fred Stadtmuller left for San Francisco last night.

R. V. Borden returned from Susanville Tuesday night.

Mrs. Gregory of Washoe changed cars for San Francisco last night.

A large number of witnesses have been summoned before the Grand Jury.

Peter Jackson, the colored pugilist, passed through bound east yesterday morning.

The Grand Jury kept at work all day yesterday and adjourned to meet again this morning.

Ben Fitch, formerly of Elko, arrived from California yesterday and took the train for Carson.

Kansas farmers are just now selling 35 cent wheat to buy \$1 potatoes to feed the thrashing hands.

Mrs. M. D. Foley and Mrs. W. E. Griffin have passengers on the west-bound train last night.

C. W. Cornell of Willow Point, Humboldt county, arrived here yesterday on his way to Sacramento.

There was nothing done at Justice Linn's court yesterday except an occasional voter coming in to register his name.

The Jockey Club is perfecting plans for a week's good racing, and the indications are that some good horses will be here.

The number of cattle exported from Boston in the twelve months ending June 30, 1894 was 118,439 head, valued at \$10,629,721.

The Independent says Charles Anderson was killed in Marmol valley, Elko county, by a falling hay derick on Mordy Brothers' ranch.

A cloud-burst at East Gate, Churchill county, spread over the country and washed away a potato patch and several rows of trees at W. T. Dalton's ranch.

Another detachment of the California State Militia were taking in the town yesterday. No doubt they will return to their homes favorably impressed with Reno.

A People's party county convention will be held at Pioche on August 14th for the purpose of nominating county officers and 12 delegates to the State convention of the Silver party.

The oldest inhabitants of Pike county, Ken, aged seventy-one and eighty-three years, were married July 28th, and rode to their home, a distance of twenty miles, on horseback.

The Independent says a man named Douglas imported from Utah to take a strikers place, stole \$180 from the coat of a fellow workman at Carlin. He was arrested while taking a train for the east and held to answer by Justice Palmer in \$600 bonds.

### AN INSTRUCTIVE DIALOGUE.

A Demo-Republican and a Populist Discuss Public Matters.

Democrat-Republican—You calamity howlers are responsible for the present demoralized condition of our country. It is no wonder that great corporations like the Southern Pacific Railroad company have got you all on their black list, and I hope they will give you an object lesson that you won't forget.

Populist—We are receiving that object lesson now, and I tell you it is an eye opener. If we apply for a job from this big corporation we are politely informed that we will have to go east of the Missouri river if we expect to work on a railroad. This benevolent corporation also forces us to accept its generosity by making us pay from five to ten times the average rates of freight that is charged by the other railroads throughout the United States. Some of the political conventions of Nevada are also under great obligations to the patriotism of Lord Huntington in assisting delegates to reach the conventions, also for furnishing an organizer and campaigner to guide the way to victory.

D. R.—I see it is no use to argue the railroad question with you for you have been led astray by the A. R. U. I will now confine you to the discussion of the financial question, and will endeavor to expose the absurdity of the impractical ideas which you Populists endorse.

P.—Please state your objections to the free coinage of silver at the ratio of 16 to one of gold.

D. R.—In the first place the free coinage of silver by the United States would immediately result in the impairment of our credit abroad, and would cause the greatest panic the world has ever seen. You must remember Mr. Populist that we are under sacred obligations to the patriotic bondholders of New York, Boston, Philadelphia and London to maintain our credit on a gold basis. The word "inconvertibility" which we are putting in our platforms, is a password that inspires confidence in the breast of every bondholder.

P.—You seem to be very solicitous about our credit abroad, I would like you to explain how we managed to get so enormously in debt to Europe, during the past fifty years.

D. R.—Europe furnished the gold to build our railroads and to prosecute the war. She bought our State, county, and city bonds and furnished money to develop our mines. She is now buying our breweries, carpet-mills, watch-factories, cotton and woolen mills which enables our own citizens to engage in more profitable enterprises. Of course a country that has prospered like ours must expect to have a big foreign debt, and the enormous quantity of gold received from Europe is the cause of it.

P.—If you were familiar with the statistics of the treasury department you would not make such a statement as you have just made. For your benefit I will inform you that for the past fifty years the balance of trade has been in favor of the United States more than \$700,000,000. For the same period we have exported at least \$800,000,000 more gold and silver than we have imported. From this showing it looks as if the balance of the world should owe the United States at least \$1,500,000,000 but in place of this we owe Europe over \$5,000,000,000. By a conspiracy of the Demo-Republicans with the wily European plutocrats you have succeeded in reversing well known laws of commerce and have turned a balance of \$1,500,000,000 in our favor into a balance of \$5,000,000,000 against us.

D. R.—You surely are in error about the balance being in our favor, why if your figures are correct those European bond holders must be a band of organized pirates. It is simply preposterous. You are surely mistaken.

P.—I am not mistaken, and as proof that I am right I offer you the statistical abstract of the United States for 1893, which gives the value of our imports and exports for the past fifty years, also the value of our exports and imports of gold and silver for the same period. These statistics added to those for the fiscal year ending June 30, 1894, makes the balance in favor of the United States even larger than I have stated. From this showing it must be very evident to any fair minded person that the European plutocrats have been aided in their piracy by the leaders of the Demo-Republican combination of the United States.

D. R.—I will investigate this matter thoroughly, and if you are correct I will never vote another Democrat or Republican ticket as long as I live. You Populists have been making such extravagant assertions that I did not believe them, but when you compile your statements from Demo-Republican authorities of course I will have to weaken, and if what you have told me to-day is true I will be a genuine People's party man before to-morrow night.—FARMER.

### A FAIR SAMPLE OF ITS DRIVE.

A Fair Sample of Its Drive.

It is seldom one is obliged to chronicle the mental wreck of a newspaper and it is not a pleasant task, but the following from the Reno Gazette is so thoroughly idiotic that it speaks for itself.

What has the Silver party of Nevada done for this State, we would like to ask? Eureka, an erstwhile, live camp, has gone down to almost nothing within the past two years. Tuscarora, once the pride of Eastern Nevada, has dwindled from a town of something like 400 working miners to less than twenty-five to-day. Cortez, once a flourishing camp, has banked her fires and is no longer a wealth producer.

The above is a fair sample of the drive that is being drooled out of the Gazette daily.

During the last ten years the Silver party has not been running the State Government, but the Republicans. One might ask what has the Republican party done for the State? Nothing, of course, but no sane man will charge the Republican State officials with shutting down Nevada's mines. The state of affairs depicted by the Gazette is just the sort of thing the Silver men are fighting. It has been over twenty years since the demonization of silver and the two old parties have not succeeded in repairing the damage of that act. The Silver party has been but two years in existence and the Gazette wants to know why it has not revolutionized the universe in that time.—Carson Appeal.

### INVESTIGATING ALLEGED OFFENSES.

Citizens, Officials and Military Summoned Before the Grand Jury.

During the occupation of Reno by the military, citizens were driven off the public streets by United States troops, one citizen was arrested and a shot was fired on the street by a soldier, who presumably was obeying the orders of his commanding officer. As Reno had been quiet during the strike and neither mail trains nor any other kind of trains had been interfered with or obstructed, and not more than half a dozen strikers were in the town, the citizens felt somewhat indignant at the arbitrary and overbearing acts of the military. Formal complaint was made to the Grand Jury by a citizen and tax payer and that body, according to the statements of several persons who have been before it, is inquiring into the causes of the military occupation, and the authority under which the military acted.

Among those who appeared before the Grand Jury yesterday were Colonel Poland and Captain Withall of the United States Army, United States Marshal Humphreys, Superintendent Whitely and Rev. Mr. Bellam of Wadsworth.

The Man Found Dead Tuesday Night Identified as "French Joe."

The man that was found dead near the Washoe Brewery at a late hour Tuesday night is as yet unknown. The Coroner's Jury summoned yesterday found that the deceased was known as "French Joe," but no one seemed to know his correct name. His age was about 63 years. The supposed cause of his death was alcoholism, and the Jury found a verdict to this effect, one member of the Jury, Mr. R. V. Borden, dissenting from the verdict, believing that the cause of death was unknown to the Jury. The deceased had remarked to a witness named George Wallace that he had some arsenic, but that he was going to kill himself, but this was the only evidence that indicated that he had carried out his threat. The other witnesses testified that the deceased had been drinking for several days, and upon this fact the Jury found a verdict as above stated.

"The Model."

H. P. Kraus (Nashy) will open "The Model" on Commercial Row, next to C. Novacovich's grocery store on next Saturday evening and extends a cordial invitation to all. It is not his intention to present any souvenir spoons or other ornaments or useful articles, but will have a bucket of ice water and will take pleasure in showing the advantages he has to offer purchasers in his line. He intends to keep a selected line of novelties, stationery, smokers' articles, cutlery, etc. Nashy in former years always kept-up to the times and he will do it now, and with his experience and facilities in procuring goods he will be able to satisfy a purchaser at most any figure desired.

Frost Doing Damage.

Monday night there were indications of quite a heavy frost in the neighborhood of Glendale. There seemed to be a cold blast that circulated about the valley in streaks. Geo. Douglass had about four acres of potatoes nipped quite seriously, besides others in that part of the valley were damaged somewhat. Tuesday night while it seemed quite warm in this part of the valley, out in the neighborhood of Huffaker's and Mrs. Brown's there was quite a heavy frost and some damage was done to the potato vines. On the ranches of Wm. Wright and Pete Dalton the damage was considerable.

The Regulars Being Withdrawn.

Company H, U. S. regulars, Captain Whitall and Lieutenant Irwin, left on the east-bound train last night for Fort Douglas, Utah. One company and its officers still remain, and it has not been decided when it will be withdrawn. The boys are becoming acquainted and several of them have expressed a liking for Reno and are sorry that they cannot remain longer.

A young couple who were some miles apart were married by telegraph. The Times-Review says if those young people will raise a family by telegraph it will give them three column notice.

France has just launched the most powerful battle-ship in the world, and has given it the honored name of Le Carnot. Her length is 807 feet and her armor of steel is over seventeen inches thick.

There are very few cases of severe illness in the town, which is a remarkable thing at this time of the year. The most serious sickness prevalent is some bowel trouble with young children.

"I want some SOZODONT," said he, "Just out," the cunning druggist said, "But here's some powder known to be As good." The patron turned and fled, Asking "Do you suppose I don't know nothing equals SOZODONT?"

It was quite warm yesterday about noon, but the change in the atmosphere to a much cooler temperature as the sun dropped toward the western horizon reminded one that autumn was fast approaching.

The Nevada building at the Midwinter Fair, which cost \$6,000, is offered for sale for \$250, but there are no takers. It is worth that for firewood. So says the Carson Appeal.

Moritz Sheeline has arrived from Eureka to take a position in the Bank of Nevada, in which his uncle, Daniel Meyer, is largely interested. He expects to bring his family here to reside. Mr. Sheeline has been connected with the Eureka Bank for years.

Lieutenant Irwin of the United States Army, who has been stationed here with company "H" for nearly four weeks left on the east-bound with his company last night. The Lieutenant is a very affable gentleman, and has made many friends during his stay in Reno and regretted that he had to leave so soon.

Now, that the war is over, the town will assume its normal condition and the chasm that has divided some of the citizens will be bridged and matters and things will go on in their usual way. The next thing to upset the peacefulness of this quiet community will be "shaking hands time," as Thompson terms the short period before election.

### A RENO WORKMAN RECOGNIZED.

He Receives a Premium for His Exhibit at the Midwinter Fair

C. P. Ferrel, one of Reno's best horsehoofers, sent an exhibit of shoes of his own manufacture to the Midwinter Fair. Many will remember having seen the exhibit in Sunderland's window before it was sent to California. It attracted a great deal of attention at the Fair, and Mr. Ferrel's efforts have been rewarded by being duly recognized by the Committee on Awards.

He received a handsome premium for his exhibit and feels justly proud of his success.

### ANOTHER ATTEMPT AT SUICIDE.

A Fall Sister Seeks to End Her Troubles by Self-Destruction.

Esther Coronado, a young woman on First street, attempted suicide by the opium route last night about 8 o'clock. It seems she had been having a row of some kind and it is supposed she feared arrest or had become despondent over the trouble and concluded to end it all by self-destruction. She procured a quantity of opium and took it, but in some way it became known what she had done, and the Chinese doctor was called, who administered an antidote. At a late hour last night she was thought to be out of danger.

Long Siege of Dangerous Illness

Left in Low Condition—Given Health and Strength by Hood's Sarsaparilla.

"G. I. Hood & Co., Lowell, Mass.: 'Gentlemen—I have been through a terrible siege of illness, and owe my present health to Hood's Sarsaparilla. First, I was taken sick with measles, and on the eighth day the doctor said I had bronchitis following that complaint. In a short time lung fever developed, and I was in a serious condition for quite a while. When I began to get a little better, my friends thought that I I ever got up I would have

Consumption,

I had such a terrible cough and threw off twice my weight. I continued in a very weak and low condition, my weight falling from 115, before I was taken sick, to 95 pounds. Then in January, 1893, I had an attack of the grip, and was confined to my room ten weeks. After this attack I was still very weak and did not gain health at all until I began to take Hood's Sarsaparilla. I had no appetite for anything, and was sick at my stomach continually and had a bad taste in my mouth. Some friends who were taking Hood's Sarsaparilla begged me to try it. My parents had despaired of anything doing me good, but began to give me the medicine, and before I had taken one bottle there was such

that they were glad to have me continue. The second bottle did for me what no medicine had ever done. It gave me strength and brought my general health up to where it was two weeks before I was taken with the measles. I have now finished my third bottle, and feel strong and well. I shall always thank to Hood's Sarsaparilla." E. IRENE HARRIS, Irving, Oregon.
